

2000

Countdown to 2000

Looking back at the past millenium, we laugh at the hair and the clothes, and the "I remember when I was a kid..." stories we love to hear.

Growing up in the new millenium, we've set our own sense of style, and experienced all of the 'new' technology.

Years from now, when looking back at our own Mariner Millenium, will we be laughing at our own hair, clothes, and the "I remember when I was a kid..." stories we love to tell? Or will things still be the way we remember? Either way, we hope you say "Those were the days."

HOMECOMING

COURT 1999

Homecoming is one of the most exciting events students look forward too. Being part of the homecoming court is a memory forever. Then homecoming court represents grace, beauty, and elegance. To be elected is a honor and a privilege. Their is a pep assembly to get everyone excited for the big game that night. This year the homecoming game was against Lakeview. At half time once again all court members are recognized. The court members were King Nick Stackpoole and Queen Kelly Nichols. Senior representatives Heather Kammer, Jenny Donaldson, Jason Reichle, and Aaron Laubach. Junior chose Jennifer DeBusschere, Nichole Prize, Clinton Smith, and Joe Yax. Lindsey Schuhmacher and Adam Markel represented the sophomores. The lucky freshmen were Ashley Werden and Ryan Zohr. Congratulations to all the court members.

powderpuff

Game

The annual powderpuff game was held at Marine City High School on Wednesday, October 20, 1999, after being canceled the week before due to rain. Although the tactics used in the game and scoring were a bit shady, the seniors ended up defeating the juniors. Can you believe that? Let me tell you, the score was very close. Everyone came out to show their school spirit and support. The junior and senior girls all painted their faces to make themselves look tough! Both teams went through rigorous practice schedules to ensure that the game would be exciting. My, was it ever! The combination of male cheerleaders and flag football was the culprit for some good times! A congratulations goes out to the coaches of both teams for their hard work and dedication. They truly are born leaders. The game raised over \$1,000 for prom. Nice job, folks.

The senior girls are ready for a mean game of tackle football.

The Heat of the Fire

This year, Marine City High School held their annual bonfire after the powderpuff game on Wednesday, October 20, 1999. After the game, many Marine City High School students and faculty gathered around the fire to enjoy themselves. Some even found time to join Larry with his guitar for a song. While, others decided to chat amongst their friends. There were also firemen at the sight in case the fire went a little wild, but I am sure they enjoyed themselves as well as everyone else there. However, after much socializing, the night began to draw to an end and many began to depart. These students realized that there will be another exciting game next year followed by an evening at the bonfire. Good luck to all those who participate in next year's game!!

The Final *Events!*

On Friday, October 2nd, everyone at Marine City High School got together to cheer for the last homecoming of the millenium. From the seniors to the freshmen, you could feel the excitement growing throughout the entire week. After a week of participating in Spirit Days such as class colors, orange and black, and hat day, we all arrived in the gym for one final hour of cheering.

At the start of the assembly after the band played the school song, we all watched as the princes and princesses from each class walked up to the stage. After each had been crowned came time to crown our King Nick Stackpoole and QueenKelly Nichols. The Varsity cheerleaders did their opening number, and then it was time for the games to begin!

Leading the games were the seniors, closely followed by the sophomores. The games- tug-of-war, the caterpillar crawl, the hoola hoop contest, the football pass, and the touchdown dance- brought cheers of excitement from every class. Kids from every group got together to work as a team and try to help their class. In between games, the Varsity, J.V., and Freshmen cheerleaders lead the traditional 'Go, Fight, Win,' and 'U-Rah-Rah,' with the captains of all the fall sports teams. The Varsity team also performed their opening number to a song from "Austin Powers."

After the games were finished, our King and Queen gave their speeches, wishing the football team luck in their game and reminding everyone to have a safe homecoming. When the final bell of the day rang, everyone was excited for the true game against Lakeview to begin!

School spirit *reigns!*

Spirit week occurs during the week of the Homecoming. This week is one of the most intense and suspenseful weeks of the school year. It is a week where all of the creativeness and unique personalities of Mariner Student Body break out of the everyday school routine. Many students enjoyed this week while competing with other grades to prove which class has the most spirit. They do this by earning what is called spirit points. The class that shows the most participation in the daily events is given a set amount of points for that particular competition. Then at the end of the week all of the points are added up and the winner is determined. Monday was hat day, Tuesday was bad hair day, Wednesday was slipper day Thursday was class colors and the traditional senior toga day. Friday was orange and black day. This year the seniors showed their spirit by winning the competition. The class of 2000 will miss the fun of spirit week, but they will always have the great memories to keep with them and look back upon.

Homecoming Dance

The Students of Marine City High School put on a great dance this year with homecoming 1999. This dance being the last dance of the millenium, created a ton of memories that will be remembered for a long time. We had a great Board Game theme for the dance that was put on by the student government, and class officers. The gym looked awesome as they transformed the gym by decorating it with every board game from monopoly to chess. All of those who helped with the decorations did a great job. We also had a awesome special guest D.J. who was none other than our very own Mr. leaver. The music was great to dance to. He played all of the traditional songs such as the YMCA, the Chicken Dance, and many others. He also played numerous requests, that made the dance fun and exciting.

Dancing the night... Away

One of the many things that makes homecoming so special is the fact that its not everyday that you see all of your classmates dressed up, and its not everyday that you go out to eat at fancy restaurants, and ride around in limousines.

Everyone had a great time as they danced through the night. At this years homecoming the freshmen discovered how much fun they can have in high school while getting a taste of there first homecoming dances. I think that all of the Sophomores and Juniors really enjoyed themselves at this year's dance. As for the seniors, it was their last and final homecoming dance. All of the Seniors had a fun and memorable time dancing with all of there classmates for one last time. I am sure this homecoming wont fade away quickly for them or anyone who went.

Go for the *gold!*

The Homecoming game is one of the most intense games of the year. Its the game before the Homecoming dance. The game that every one has been waiting for. Homecoming is a time were M.C.H.S shows their spirit and supports their school. It sure showed during this game with the stands full and all the excitement all around. We were determined to win and we did just that with a great score of 43 to nothing. The football players showed that by working together and practicing hard that it will really be rewarding. so far Marine City is undefeated. Good luck for all the victory to come.

Homecoming *Parade.*

This years Marine City's annual Homecoming parade was another great success. Floats were judged before hand to determine which class had the best float. It kicked off at 5:00 pm at the Holy Cross church parking lot where it went through the streets of Marine City. Marine City teams marched through the streets showing their pride! Basketball teams, Football team, Soccer, Swim team, and the different organizations all came to participate. The streets were filled with locals showing their spirit and cheering for the Mariners. The parade was successful in getting everyone excited for the Homecoming game that followed. Friday October 1, was a night that the Mariners will look back on forever!

We've got your *loot...*

Now your going to get the M.C boot. This was the theme of this years first place float. It was built by the Senior class of 2000. This year, the float was built at Kelly Nichols house. Your float was most excellent this year! Seniors, you have taken the first place spot two years in a row now, are you excited? Way to go! All of your time and effort has paid off. Everybody who worked on the float did a wonderful job. Keep up the good work. Some of the people who worked on the float this year were, K. Nichols, M. Kadouh, R. Staskiewicz, S. Staskiewicz, K. Shew, H. Kammer, J. VanTiem, E. Mitchell, D. DuBois, B. Scott, J. Donaldson, S. Warwick, S. O'hara, M. Decaussin, J. Cunha, T. Alex, S. Wrubel, N. Smallridge, C. Ames, B. Breloski and E. Ernsberger. Juniors take place second

Congratulations on your second place finish juniors! You did a wonderful job on this years float. The float was built at Trent Atterburys house this year. We can all safely say that this years float was much better than the one your built you freshmen year. You know...the one where the head fell off! If you keep the improvements coming, the first place spot will be yours. Congratulations to, T. Attebury, M. Pius, L. Bassett, S. Herbst, M. Lindke, J. White, J. Karl, J. Schmitz, J. Piperzak, J. Float Building

Showing off constructive skills

Every year at Marine City High School students gather at a class members house to participate in Homecoming float building. Every class puts forth all they can to make their floats, that are later judged at the Homecoming Game. Every year there is a new theme for the floats. 1999-2000 Homecoming floats had a board game theme. Sophomores came up with the great idea of 'Hungry Hungry Mariners' while the Freshmen used the creative idea of 'Caught In a Mariner Trap'

This Year Sophomores came in third place, and Freshmen In Fourth place. Many hours of hard work went into making these floats. Sophomores float building was at Katie Phelps house and for Freshmen at Emely Sexzawa house. Freshmen did a great job for being first time float builders. A fun time was had by all and everyone is looking forward to next years float building contests.

Wow, what a night it was! All of M.C.H.S.'s future superstars gathered together for a awesome night of fun. The gym was jam packed full of people as well as talent! Everyone who participated did great, whether they were singing, acting, or just making you laugh. Every performance was unique and different however, they were all good. Ryan Rutan was the announcer of the evening. Some memorable events that took place were Kenny Satchfield, Mike Satchfield, Mike Tipper and Sean O'harawho did an exceptionally good job as they sang acapella for the crowd. Another great performance was done by Beth Lucarelli, Gina Spencer, Sandy Theme, and Amy Sonntag as they sang "No Scrubs." Jason Duetsch, Larry Reha, Mike Snyder, and Erik Ketchum entertained with their band called Menden Hall. The list goes on and on! All of those who participated in the last talent show of the Millenium, did a great job!

Prom

A Lasting *memory*

As all the hustle and bustle began, we all realized an exciting night laid ahead of us! Soon began the agonizing headaches for the girls, having to deal with getting the hair and nails done. While the guys just sat around waiting for the night to approach. After the hair was done came the long hours of putting on the makeup to make sure we all looked good. Then we met with our groups that we were going with to begin the long and painful process of picture taking. After all was said and done everyone arrived to a beautifully decorated hall, that represented the theme of Mardi Gras!! The night was a success! The students at MCHS enjoyed themselves very much as they admired the beautiful decorations and danced the night away! After all the excitement was over, people slowly began to leave, awaiting the excitement for next year's prom!

Eight Days a Week

Students often say to their teachers "why did you give us so much home work?" And the teacher of whatever class your in will answer "thats my job I get paid for it." Well why don't we get paid to do it then? I mean it's work right? And works a job, but all the complaining never amounts to a profit. So were forced to go out and get a job that pays money not a letter of the alphabet. All though we're thankful for that letter we enjoy the money a little more. Here's a few jobs that we do other than our home work.

Do you have a favorite hobby or an activity you enjoy doing in your free time? A special thing that you do when you are not getting your education or raking in the dough at work? Well, these M.C.H.S. students certainly do. Some students have taken a liking to ant farms, genetically engineering egg plants, scuba diving, tango lessons, collecting potato chips in the shapes of celebrities, building sculptures of war heroes out of squash, practicing for the state fair pie-eating contest, knitting the world's largest sock, etc. Personally, I enjoy a rousing game of bingo in my spare time followed by a visit to the David Hasselhoff wax museum... Alright, so no one really does these hobbies. However, the activities our students do partake in are quite exciting. These are just a few shining examples.

Winterfest Spirit Week

Everyone was looking back to the hands of time when they celebrated this 2000 Winterfest. This years spirit week was pulled off by many students who participated in many fun events. This is the competitive time of year when different classes compete to see who is better. Of course the seniors dominated spirit week as well as the pep assembly. The beginning of our week started off as your favorite College sweatshirt day. Tuesday is a day everyone loves, of course it is hat day. As we move along to Wednesday, the day of absolute laziness...pajama day. Who could have a theme of decades and not dress like your in your favorite decade? Yes, everyone played a roll in that one too. We had our share of hippies on Thursday. Friday was the usual orange and black day, followed by the pep assembly. This year's spirit week was a huge success. Let's hope that next year will be even better!

Then on Saturday there is a dance which is very exciting. It's a chance for the students to come out of the cold and relax. It is also a time to dance, to be with your friends, and a chance to make some good memories.

The 1999 Fashion Show was great! Put on by the cheerleaders, it proves to be a huge success each and every year. This event is the cheerleaders' main fundraiser. It helps to buy new uniforms and finance the trips to competitions. Every year, a lucky few are chosen to participate in the show. The theme of last year's show was Little Red Riding Hood, with Stacy Soulliere as the main character and Brian Perkins as the Wolf. The gentlemen get their tuxes from Michael Brothers of Marine City, Lendzions of Port Huron, and Presidential from Birchwood. Ladies go to Lendzions in Port Huron to pick out a dress to wear. The Night of January 16th

Where were you on the night of January 16th? There were several suspicious characters that night. They were all brought to the stand at Mrs. Andrea's trial. An interactive play, the jury was selected from the audience. As the jury their job was to decide if they thought Mrs. Andrea was guilty or innocent. If innocent she would be set free if guilty she would be sentenced to life in prison for murder in the first. At Friday night's performance she was found innocent and her legal team rejoiced. However on Saturday she was not so lucky. The cast included Nichole Driver, Mike Schneider, Derek Lepek, Tashina Cavasoz, Ryan Rutan, Jason Kaufman, Kelly Nichols, Amy Tennant, Josh Hauke, and J.R. Breloski are just a few among a great cast.

What Tashina Cavasoz doesn't know is she's about to upset Mike Schneider which in turn forces Judge Derek Lepek to bring order to the court.

Each year, National Honor Society participates in various acts of community service. Some of our projects include: tutoring at the Marine City Library, baking cookies for Mallard's Landing, teacher/staff birthdays, valentine suckers, consession stands, can food drive, adopt a stream, and helping the humane society. Currently, our most successful project has been the can food drive. Our goal was 2,200 cans and 2,201 cans were raised. An extreme increase from last year! Great Job Guys!! Thanks to our dedicated advisor, and the dedicated members of National Honor Society, our group has been able to do a great job in aiding our community. Good Luck to the future members of the National Honor Society and keep up the good work. Also a big thanks goes out to Mrs. Mollan for being a great leader!!

Student Government

This Years Student Government members have been very busy getting involved in all kinds of community services as well as organizing many school events. These students are incredibly dedicated and hardworking as well as being a very fun group of people.

Student Government conducted two blood drives this year and, as always, had a big enough turnout to rank in the top ten schools in blood donations. They also organized the homecoming dance and, along with other student leaders, had a lot of fun decorating. The students participated in the March of Dimes Walk America and in the Quarters for Cancer competition they collected more money than Marysville. They had a great time visiting the Faith Medical patients with animals from the Humane Society. All the members agree that their hard work and dedication have really paid off.

Concert Choir

Concert choir in a fabulous performance!

This year's concert choir has done an exceptional job. Every day these sixty-nine students gather together to practice so that they are prepared to do their many activities throughout the year. Besides extracurricular activities such as solo & ensemble, musicals and plays, men's and women's ensembles, and chorale; these kids also manage to have fall, winter, and spring concerts. After all of this, you'd think that it was enough. But besides doing all of this, they go to festivals and compete against choirs from accross the state. This is all accomplished in the course of one year! You should be proud of yourselves! Good job so far, and good luck for the rest of the year.

Chorale is composed of sixteen of Marine City High School's finest singers- 2 basses, 2 tenors, 6 altos and 6 sopranos. Chorale performs at Fall Winter and Spring concerts as well as at Festival and Solo & Ensemble. They are a very dedicated group, giving up 2 afternoons a week to perfect their voices, and many a saturday for performances. This is a highly selective group; auditions are required for admittance and often over 50 students tryout.

Chorale

Chorale performs complicated music, so good sight reading skills are needed to learn the material. Their repertoire this year included:

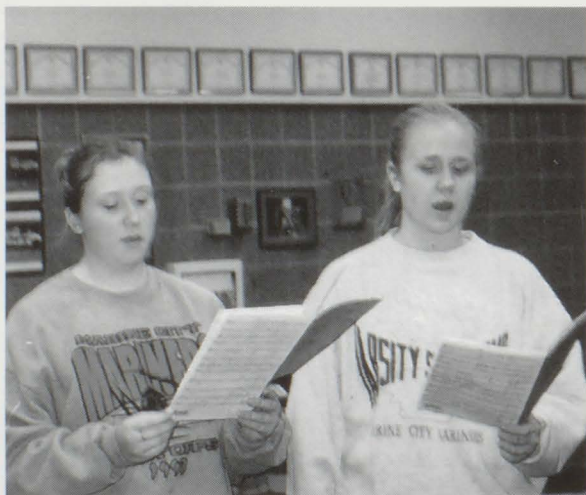

"Shoshone Love Song" 'and "Ride the Chariot".' Chorale members are: Denise Wade, Nicole Bowers, Melissa Miller, Meghan Duetsch, Sandy Theume, Amy Sonnatag, Kenneht Satchfield, Darrel Schueneman, Michael Tipper, Joshua Romas, Sarah Olszewski, Amy Frantz, Shannon Wrubel, Rebecca Cornejo, Kylie Maas, Christine Packer

BPA is an active organization at Marine City High School. The students are well rounded, out-going students that work together to reach all their goals. Throughout the year they participate in many events, including a canned food drive, sponsors, and talent shows. Regionals were held on January 1, States were on March 16, and Nationals on April 27-May 2. BPA has a mission to provide students with effective instruction

in an environment while encouraging them to grow to their highest potential academically, socially, and emotionally as they become contributing members of society. BPA fits Marine City High School's goals by getting students to improve their reading comprehension, increasing their ability to analyze and interpret data, improving their ability to write a clear and concise response to demonstrate comprehension, and by improving decision making skills for use in everyday life.

Yearbook Staff

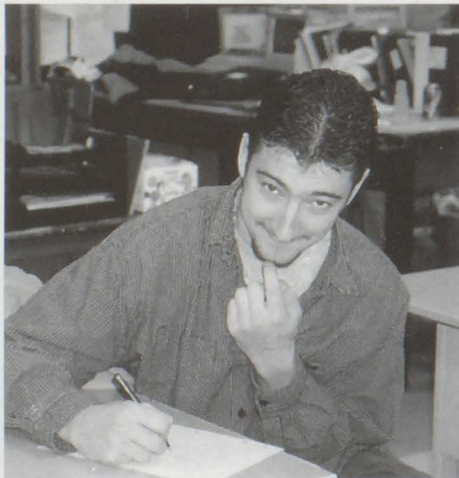

Quick! Everyone get ready!

The Yearbook Staff works hard every year to come up with the best yearbook ever. The time, thought, and talent that goes into producing a book stuffed full of memories is beyond comprehension. Each staffer is responsible for selling ads, taking lots of pictures, making up layouts, and producing about sixteen pages a piece in one school year. The staff must also come up with a theme and a cover for the book. Extra time outside of school is needed to complete deadlines and earn a good grade in this class. We've had lots of fun creating this book for you, we hope you enjoy!

That's better! Advisor: Mr. Bladow The staff: Adam Coverdill, Amanda Marcotte, Kaitlyn Vargo, Gina Spencer, Brandi Breloski, Jenny Bier, Andrea Joyce Bottom row: Andrea Endres, Ashley Geib Stephanie Horn, Johnelle Williams, Cassandra Markel, Josh Hauke

A great philosopher once said, "There is no try, there is only do and do not." I have kept these words of wisdom in mind during my two years in yearbook. You see, yearbook isn't something that you try, it's just something you do or don't, however, if you don't work hard and be persistent, you won't have a yearbook (but you'll have a lot of unhappy students). Anyways, being the business editor this year has taught me a few things that I might want to remember, like that you shouldn't procrastinate and organization pays. I also enjoyed being in charge of something that was actually relevant, but most of all, I learned what it feels like to win numerous games of Uno in a row! Thanks Yoda!

**Business Editor
Jenny Bier**

The last two years on the yearbook staff have been fun yet educational. It taught me to be more responsible because other people were counting on me to get my part done. It has been a pleasure to work with different yearbook staff members, and a special thanks goes to Mr. Bladow for helping us throughout the year.

**Staffer Adam
Coverdill**

I have been on the yearbook staff the past two years. It has been a fun time. My favorite things about yearbook is taking pictures and playing Uno. Yearbook helps you become more responsible and work with people that have different ideas and opinions than you. Good luck to future staffers.

Staffer Andrea Joyce

It has been an honor working with this wonderful yearbook staff. These hard workers have helped make my job as editor a lot easier, and I thank you all. Yearbook class has made a lot of positive changes in my life. I have learned how to be a leader and, most importantly, how to meet a deadline. Great job on this year's yearbook, thanks so much for making my senior year more enjoyable and more memorable. I have complete trust that you guys will do awesome next year, and I'll come back to make sure!

Do you want to work together and be part of a team? This is what my experience has been throughout my two years of Yearbook. In this class we work together to create a final project, which the whole student body can enjoy. This year's class has left a lasting impression on me. I have really enjoyed being part of the yearbook class for the past two years. Good luck to the future yearbook staffers, and remember to always be creative.

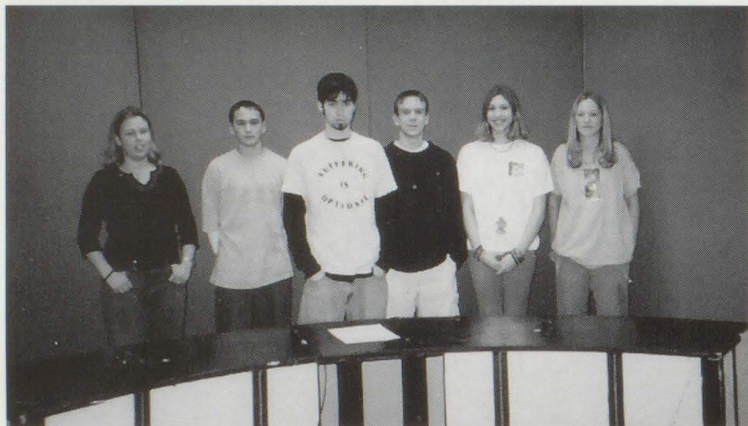

Okay, what do you do when you've got two Draw Two's, a Wild card, two red cards, and a blue card? First you join Yearbook, then you lay down your Wild card and change it to whatever color your Draw Two card is, and when it comes around to you, you lay down your Draw Two. Then it is a chain reaction. From there, every other person lays down a Draw Two forcing the person next to pick up twice as many cards as last time. This is exactly like Yearbook. We all have to work together to cause this chain reaction. After being on the yearbook staff for the past two years, I've become very good at getting rid of the reds and blues. I've also learned to hold on to my Draw Two's because the more you build, the longer the chain goes. And if I was going to leave a message to the yearbook class of tomorrow, I'd say, don't call it on deuce.

A news paper is generally thought to be a paper containing news, but thats not quite the case for Marine City. In fact it doesn't have anything to do with paper at all, how ever, the news part is right. If you've ever seen Channel 6 Marine City's local television station, you'll know exactly what I'm talking about. When late breaking stories break you've never seen a news crew break so fast. They've done everything from parades to interviews. This year was the first year we were able to do multi camera shoots.

Video News Paper

We used this new process to video tape Marine City's football games for their broadcast on Channel 6. Mr. Scarcelli and Mr. Staskiewicz were at the helms of this years video

news paper crew. Making sure that the stories were distributed and that the equipment was where it needed to be and working. But all this could not have been done with out the aid of Mr. Dingamen from St. Clair's Channel 6, who helped fix us up with all this fancy equipment. So if you like the news but your tired of having the print rub off on your fingers keep your eye on Channel 6

Easy as Pie

When NHS said that you could win a chance to put a pie in Mr. Rood's face, Mr. Pasquantonio's first hour psychology class wanted to know how. The school just had to raise 2,200 canned food goods to give to the Marine City Old Newsboys for Christmas baskets, and the class that raised the most got the grand prize; a pie in the face for Mr. Rood. Well, our school ended up raising 2,585 cans for the MC Old Newsboys, and Mr. Pasquantonio's class won with 180. This

SENIORS

Class of 2000

Memories of Orange and Black

Dressed in our cap and gown, we'll walk proudly
across the stage, to begin another chapter and turn
another page.

Then we'll step outside as we have done so many
times before; only now to go our own ways, sail on
every ship and discover every shore.

We sat back and watched these four years travel
slowly by, but we went through it all together, every
girl and every guy.

All of us have made a memory in every path we've
crossed, realizing now, a time where much was
gained and so little lost.

Tomorrow, we'll reminisce of teachers, best
friends, laughter and tears, but we will have
grown apart and moved on to new careers.
A few will stay here forever and some may never
come back, but we'll always be together with
memories of orange and black.

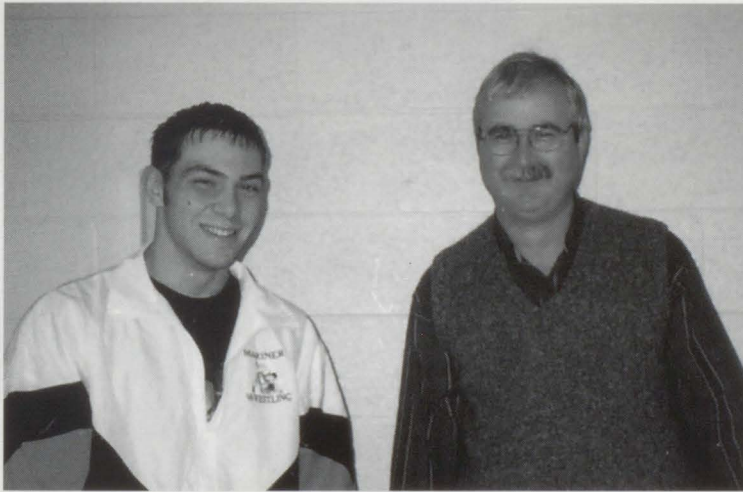

Anne Wisneski

Teacher Aides

Amanda Bielec and Mrs. Sredich George on an exotic cruise to the library.

When you're in class doing your work perhaps you've seen one pass by. Migrating through the hallway at all hours of the day with those little pink tabs hanging from the ends of their shirts. The teacher's aid is a position that may only be filled by the senior class. Now I know what you're thinking; why can't I be a teacher's aid? Why can't I wander around all hour? Why should the seniors get to have yet another class that sounds more fun than any of mine? Well the answer to all these questions may be quite simply that the teachers like us more.

Tom Posey and Mr. Hauke couldn't think of anything else to do so they stood against this wall.

Kelly Nichols stands by Mrs. Phillips while she pretends not to enjoy herself.

Renee Miano and Ms. Horonzy just Mustardy'n around

You now what's weird about this picture of Samantha Warwick and Mrs. Biebuyck, they were both out wondering the halls.

Mrs. Burman's Lucky Crystal Kammer stands behind her and double checks attendance.

5. Toles is just taking a stroll down the hall.

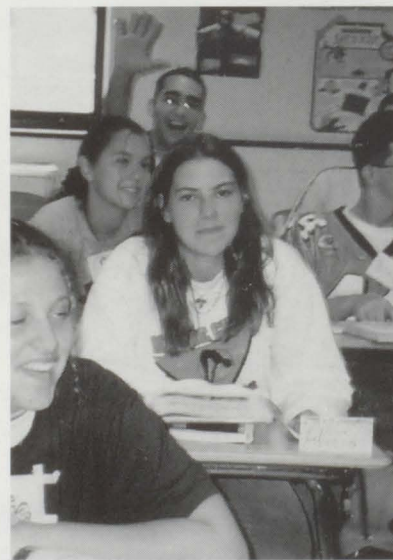

Everyone is paying a lot of attention in Ms. Choate's french class.

Check out those pearly whites on A. Garcia and A. Wisneski.

M. Stockwell and J. Tosh looking happy in class.

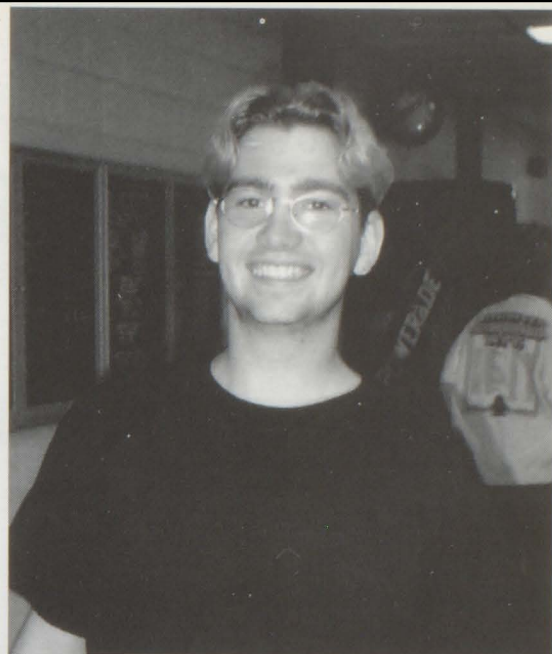

P. Ramus takes a little time out and smiles oh so nice for the camera.

R. Scharnhorst standing tall and proud.

Left: A. Laubach giving two thumbs up to the camera.

Right: M. Engelhardt is just saying "Cheese"

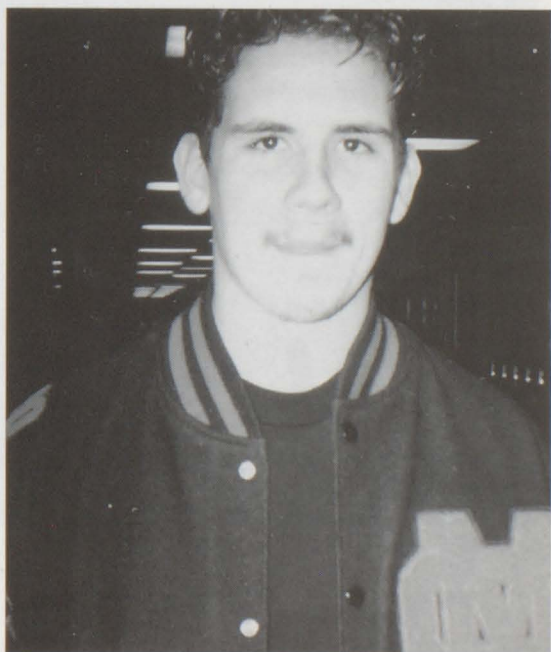

Left: We caught A. Wisneski getting ready to leave.

Right: M. Shovan is just rummaging through her papers.

Left: Big "Tank" K. Wilkie is prutting his best face forward.

Right: R. Mansell is just a little camera shy.

Darrell Robinette

*Darrell- You came into this
world with a happy and caring
outlook. You showed us your
determination at an early age.
You expressed your favorite
motto as "The greater the
effort- the greater the rewards"
Continue your journey in life
with that same happy and
caring attitude, along with
your dedication to hard work.
They will all continue to serve
you well and are you tickets to
a happy and successful life.

Ashliegh Selman

Dear Ashliegh,

I found out what unconditional love was all about when you were born. We've had some great school memories, all of which I'm so proud. Life has truly dealt us some real rough hands, but with faith and determination, you/we made it through and we are very proud of you for that. As you go into the world to make decisions all by yourself, we feel very confident, that as an intelligent, strong willed, young lady, nothing nor no one will get in your way. Always remember we are truly there for you, at any time. We love you and always stay focused!

Love you Ash!

Spirit and teamwork were the bonds that glued this team together!

The 1999 Varsity Softball team had an excellent season. They worked hard and the whole team put forth a great amount of effort to achieve their goals. These girls gave Marine City High School a good name, one which we can be proud of. The season

opener was a seventeen point victory over Armada and it only got better from there. The team won the Marion and Novi tournaments and went on to become the district champs. A lit-

tle more perseverance took them all the way to becoming the regional champions. The season ended with a 1-2 loss in the Quarter Finals.

The coaches kept the girls on their toes, practicing every day and working hard to get across the fundamentals of the game. All the girls agreed that the hard work paid off because they have improved greatly. A fun time was had by all!!!

JV Baseball

The J.V. Baseball team had a little bit of a tough season with 6 wins and 11 losses. The team is made up of freshmen and sophomores. All players showed spirit and determination. The boys were always willing to improve and become better players, hoping to earn a spot on the Varsity team next year. The team was coached by Mr. Eric Longuski and assistant coach Jeff Sankuer. Both coaches did a great job teaching the team the basic skills and working with the talent the guys already had. One of the teams greatest games was against New Haven with a score of 17 to 2. Mariners win! Each player should feel proud to have been on this team. After all the hard work put forth this year anyone of these guys has a great chance at making the Varsity team next year. Good job this year guys and Good luck next year.

Boys Track

The boys track team ran yet another very successful season. Their record was an impressive 6-3. The mariners were led by my team captains of Jim McAnally, Erik Ketcham, and Ryan Moody. All league honors were given to: Justin Stover for discus, Joe Webb for shot put, Erik Ketcham for pole vault; and Adam Coverdill, Casey Ames, Ted Reichle, and Joe Rivard in the 1600m relay. Individual awards were given out to Jim Karl and Casey Ames for Most Improved, and Most Valuable Player was given to Adam Coverdill.

There were only two state qualifiers in the 99 season. The first person was Erik Ketcham, he went for pole vault. He jumped a personal best of 12'6". The other person to go was Adam Coverdill, he went for two events.

One event was the 110M high hurdles, and he also went in the 300m intermediate hurdles.

J.V. Football

The Mariners J.V. football team had a very successful season. For the second year in a row the J.V. successful's finished with a record of 8-1. Their only loss was to Marysville. The players worked hard and under the supervision of Coach Warkentien and Coach Leaver the J.V. posted one of the best best seasons in a long time. The offense was led by Joe Rivard as fullback until he was moved up to varsity for the last game of the season.

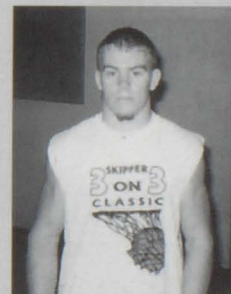

Brad Sedden was the starting quarterback to keep the Mariners going in the right direction. The J.V. team all went up to practice with the varsity team when they qualified to the state playoffs. There were only a selected few that were able to dress for the games, however. All the rest went to practice because they love the game of football. Marine City wishes you the best of luck for next year.

Boys Soccer

This year, the Marine City Boys Soccer team worked very hard to improve their record by four wins over last year. With seven wins and thirteen losses, the team was by no means the best in the league but their spirit and determination kept them going even when the cards were stacked against them. The guys worked hard to achieve every small victory and they really pulled together to earn a total of forty three goals over all.

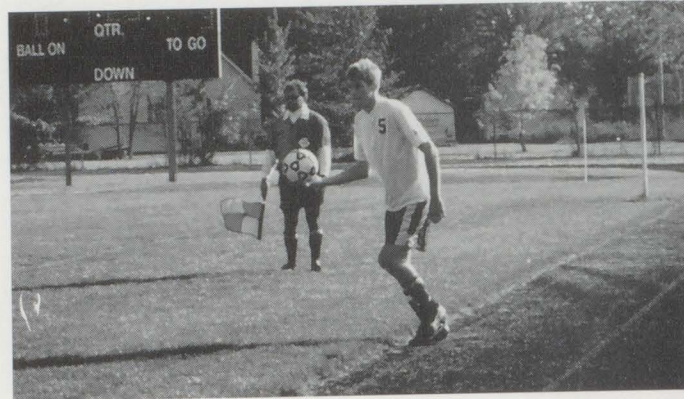

Kevin Wawrzyniak, the teams MVP led the pack with 24 goals and 7 assists. Nick Pizzo was also a valuable team player with a total of 8 goals and 18 assists. The highlight of the season was a 7-0 victory over Memphis. The new coach, Mr. Gary Griffen, worked hard to whip these boys into shape and all of their long hard practices really paid off. This is a team we can all be proud of. Nice job guys!!

Larry Reha shares a few thoughts about this soccer season: "My most memorable game was at Marysville. It was 50 degrees outside, raining but it was the

best....I feel that we did well this year, this was the best season we've had so far." Larry joined the soccer team because: "Soccer is a really aggressive sport, it feels good to rough somebody up!"

Varsity Cheerleading

Lady Mariners gather together to go over their cheers.

Ladies getting the spirit of the crowd into the game.

The Varsity Cheerleading showed them the way to be team was very spectacular the best. Lead by Stacy Soulliere, Starr Fritz, Jennie Russell, and Crystal Kammer as captains, the lady mariners were flawless. Some of the individual awards were Most Improved Sara Wiseman, Most Valuable Starr Fritz, Most Spirited Stacy Soulliere, and Practice Leader was given to Crystal Kammer. God job this year and the best of luck goes to you in the competitive season.

They worked very hard at getting the timing down and the cheers correct. The Cheerleaders were instrumental in hanging posters at everyone of the Mariners football games. The girls are also responsible for enhancing the spirit of the school body at pep assemblies. Mrs. Burmn instructed the Cheerleaders through all the practices and

J.V. Cheerleading

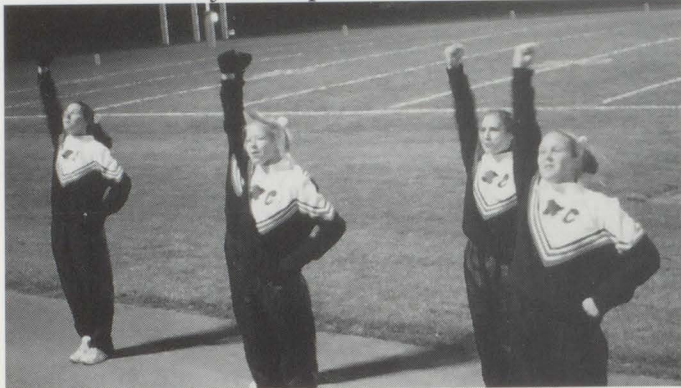

Coached by Norma Walker Simons, Kristin Hines, Rebecca Corenejo, Jenny Lee, Mary Yadon, and Jessica Williams. The J.V. team clapped and cheered their way right into our assemblies as well as J.V. football and Basketball games. I don't think There's ever been such a perky and cheerful J.V. team. Why just the other day I saw them practicing in the hallway and they all seemed very happy to be there. The team consists of eleven girls Crystal Robbins, Holly McIntyre, Lindsey Black, Katie Hart, Amy Posey, Cristina

With their powers combined they were able to bust even the worst of spirits. That's why I'm sure that any one of these eleven girls would do fine as varsity. And they keep practicing like I've seen them, they will have no problem getting on the varsity team.

Rebecca Corenejo and Holly McIntyre use a method I like to call telepathy where they mentally try to inspire the crowd

You can tell these cheerleaders are good because right now M. Yadon, J. Lee, R. Corenejo, and H. McIntyre are doing right side up one armed hand stands.

9th grade cheerleading

The freshmen cheerleading team worked hard all football season. They helped make posters, they worked concession stands and they did car washes, to earn money for needed things. They also worked very hard on there cheers and stunts. Many of the girls said that they had a great time being a high school cheerleader and they plan to continue being one throughout the year.

Cheerleading has been a good experience for all of the girls. It makes them set goals, in not only cheerleading but, in school it helps them maintain good grades and its a great way to make a lot of friends. To do what it takes to be a good cheerleader, you

have to be very dedicated to your team, you have to practice long and hard every day. You have to be able

to get along well with others on the team and show a great big smile and thats exactly what this team has. They have been showing it off all season. The girls will get better and better as they practice each day so that one day they will make varsity. On the left you can

see Melissa Walker and her Teammates doing what is called an elevator. They are determined to do their best so when its there turn to get out there and show there moves during competitions, there scores will be high. Good luck.

There were good efforts put fourth by the golf team this year. The team finished with six wins and seven losses over all. They had five wins and three losses in the Macomb Area Conference gold division, placing them in second. The team earned a third place in the Macomb Area division league match. At their regional match Marine City received eighth place out of seventeen teams. Mike Herbon received Most Valuable Player and he al-

so got an eagle in 99. Josh Osterland was a strong player as well as a leader, he was captain of this team. Matt Dupre once again finished with the lowest average and it was around 38. Girls Cross Country

The '99 Mariner Cross Country team had a very hard fought battle.

They were lead by seniors Amber Wilkinson, and Shannon Wrubel. The girls had a season record of 2-5. They ran in rain, cold, mud, and extremly hot weather.

Yet they still went back every day of the season to run another 3.2 miles. In the league the girls went 2-4. At the MAC Gold meet Rachel Curfman placed

1st. For the fist year as coaches Coach Mox and

Coach Frendt did a wonderful job. They prepared the girls for the worst and made the best come out of them when they needed it. Plagued by injury the girls ran the best they

could and never gave up. The best of luck goes out the the Girls next year. Good job ladies.

The boys Cross Country team gave a strong effort this year. Yet with few runners, the boys had a great season in terms of personnel accomplishments and commitments. each of the runners trained hard running many miles at practice. Lead by Shawn O'Hara the team ran through any kind of weather. If any of the runners stop at any time during the race they will be disqualified and that didn't happen once. This sport is very different from the rest it takes de-

termination and a lot of hard work. You also have to have a very strong mind to be able to go beyond what your body is telling you can go. Your body goes through so much torture running up hills, through mud, in the cold, in the rain, and when you don't think you can go any further. The team is losing team captin Shawn O'Hara and Ryan Johnson, but I'sure they will do great. Good luck guys!

Girls Basketball

Starting their season off with a win showed us the freshmen girls basketball team was good. Winning all but four of their games showed us that they were not into joking around! They wanted to win. All of their time and effort really paid off. With a league play record of twelve - two and an overall record of thirteen - four, we knew these girls were virtually unstoppable! Their only losses were against Cousino, East Jordan, Port Huron High and

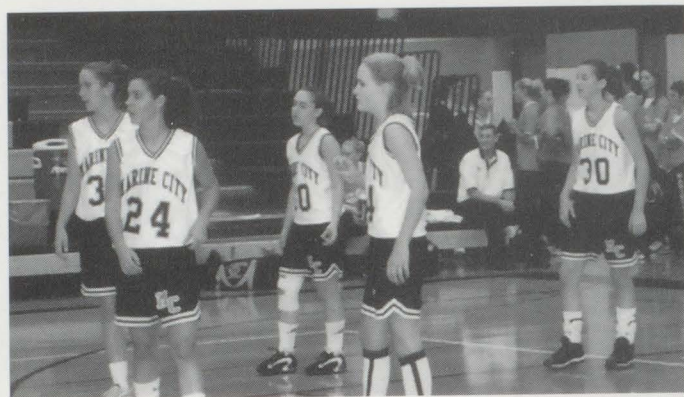

Richmond. They lost each game by ten points or less.

They really made the other teams work for their wins! At each game they played hard and proved they were tough. They worked hard at their practices and it really showed

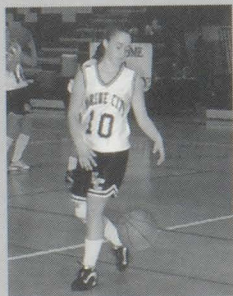

with their records! Congratulations on an excellent season! We all hope you keep striving for the best in your seasons to come!

money. These twelve sophomore girls are strong and love the game. They all enjoy playing basketball and are obviously good too! Don't you think their record proves it?? This is an excellent team that we know

will only improve in the future! We know you will do great. Great job on the excellent season! We all wish you the best of luck in the seasons to come!

on a winning season. The team started out with a win over Cardinal Mooney for the second year in a row. With a score of fifty - twelve, we all knew they were off to a wonderful start for an excellent season. Winning sixteen games and losing only four proved that. Their four losses were against Algonac, St. Clair, and two to Marysville. Each game they lost was by less than thirteen points.

The Lady Mariners ran a mean court this season and they still managed to tuck fourteen wins under their belt. In fact they played so well this season they beat Fitzgerald by sixty four the first time and gave them a lickin the second time as well by beating them by forth nine. I

suppose this had to do a lot with the seniors on the team. Who are Amanda Bielec, Jenny Donaldson, Mariam Kadouh, Kimberly Moore, Koryn Shew, Rachel Staskiewicz, Sara Staskiewicz, and Samantha Warwick. The Seniors had to take charge and lead their team to victory. But keep in mind they did not do it alone but as a team.

The Freshmen Basketball team worked very hard this season. These are great new and rising stars of the Marine City High School Basketball program. The boys last game was February 29th. The team played a total of 15 games. This is the players first year but they don't even look like it. With many hard practices and work, the teams dedication shined through at every game. The team had a great coach Mr. Tim Gilm. With his help, it was

always possible for the guys to be ready to take the court and get another Mariner win. The guys work great as a team. Anyone of these great guys has a fair chance of earning a place on the JV Basketball team next year. Some may even make it to the Varsity Basketball team next year. J.V. Basketball

This years Junior Varsity Basketball team is doing a great job. This year they started out great and finished great. They have had two extra team mates moved up from ninth grade, they are Brad Seddon and Scott Uppleger. You sure can tell that they work very hard in their long and strenuous everyday practices. When you work hard the outcome is usually good. The boys on this team are trying really

hard to get moved up to Varsity next year. For them it will be an enormous accomplishment. Everyone has been equally helpful in their victories in this 1999 - 2000 season of Basketball. That is why they are so good. It also helps with the superb coaching of Bill Westerhof. These wonderful athletes will be a key to next years team on Varsity. So keep practicing and play hard.

Varsity Basketball

The Varsity Basketball team did a great job during the 1999 - 2000 year. There were a lot of new faces this year along with a few returning seniors and a returning juniors from last years basketball team. The hard work and dedication that the team put forth shows through during their performance and long hours practicing. With harder competition being in our Macomb Area Conference division, our team has stayed

strong and held their own in competition. The guys had a hard season, but it's the long hours of practice that finally reveals the talents that each player on the team possessed. The determination showed every time the guys took the court and their talents shined through. These great athletes had a great season and much more is expected next year. Great Job and Good Luck Next Year!!

Freshmen Cheerleading

The Freshmen Cheerleaders They all have very strong were full of extraordinary voices and a lot of good coordination to do spirit and enthusiasm. The girls all pull together to provide lots of spirit at the boys freshmen basketball games. The girls don't only cheer at basketball games they help out the JV and Varsity girls at pep assemblies. The team works exceptionally hard on improving their jumps and stunts. In hopes to make the JV, or maybe even the Varsity team next year.

They all have very strong voices and a lot of good coordination to do different things. These talented girls have all kinds of support, not only from their coaches, but from their parents and friends. The girls do go through some rough times but they all stick together and make it out on top. Congratulations to all the girls, you've done a great job. Good luck next year!

The girls are doing their halftime show for the crowd.

We asked freshmen cheerleader Junielle Prange a few questions. Why did you want to be a cheerleader? I like to get loud and crazy in

front of the crowd. Have you learned anything? Cheerleading has taught me responsibility and teamwork.

Sports

Freshman Volleyball

The Freshman Volleyball team had a very educational year. The girls were taught the fundamentals of the game with help of their coach, Coach Clenndenin. This is Coach Clenndenin's fourth year as the coach and she has done a very good job the whole time. They trained very hard for two and a half hours a day and gave the 110% effort that was needed to make the most out of the season. The

girls work throughout the winter season through injury, fatigue, and seeming like impossible opponents. Faced with a very long and enduring season they just practiced every day to face adversity on the days of their matches. The girls did a wonderful job and the best of luck goes to them for next year.

JV Volleyball

JV Volleyball had a great season. They worked really hard all year long. Had practice every day after school and it really paid off. Everyone did a great job!! These girls are working to the best of their ability to make

in good shape. Rachel Curfman quotes "I love the aggressiveness that our team has." Rachel got a hurt knee early in the season but continues to go to every practice and game to cheer her team on. That's what

it to the Varsity Team next year. Coach Woodard also had a lot of determination and works with the girls day in and day out to keep the team

being a good sport is all about. Good luck to all you girls working to get on the Varsity team. Keep up the great work and it won't be hard!!!

Quotes!

"I have been on the volleyball team since my 8th grade year, its a great work out

and I think the team is a lot of fun. We practice every day and it helps to keep us ready for the games. It's my favorite sport and I can't wait to make it to Varsity."

Mr. Glodich, coach of the Dondaldson are 3 year star-Varsity Volleyball team, ters. Sara also leads the spends a lot of his time working with his students to prepare them for their games. The Volleyball team did a great job through out the season. They were at the Mac Gold 8-0 and also attended the Lutheran North Invitational where they were champions. Sara Staskiewicz, Rachel Staskiewicz and Jenny

team in assists with Koryn Shew. Jenny Donaldson, Julie Reichle, and Jayne Cavasoz are great leaders in "kills". Let's not forget to give a hand to the rest of the team. Katie

Stover, Megan Pius, Chelsey McKeller, Stephanie Herbst, Eva Grochowska, and Amber Miller.

What's wrong Mr. Glodich? Did the girls throw you in the pool???

Varsity Wrestling

The wrestling team had a victorious season. With a winning season the team led by Darrel Robinette, Derek Corder, and Tom Posey as captains, the wrestling team went to two invitationals and place very good in both. A lot of hard work and many days of practice went into this team. With Mr. Bladow as the head coach the team was put into their place and didn't expect an-

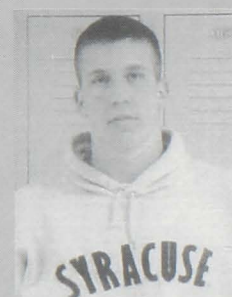

anything but the best from themselves. Derek Corder one of the captains was the only one that qualified to go to the state finals. He was very pumper up and did very well. The team is losing a lot of seniors this year but Someone will step up and show that Marine City Wrestling is still the best. Good luck Next year guys!

Derek Corder

Derek enjoyed the matches and winning the most this season.

His favorite match was against the opponent that he qualified to go to state against.

Sports

Boys' Swim Team

The boys' swim team had a good season this year. They swam hard for all their good finishes and their wins. The captains for this year were Jeremy DeRue, Larry Reha, and Sean O'Hara. The swim coach, Michael Miller, coaches the girls' swim team, so he definitely knows his stuff. The senior members of the team this year were Casey Ames, Eric

Beckman, Jeremy DeRue, Aaron Laubach, Sean O'Hara, and Jeff Ratusznik. Since this is their last year of swimming, they are sure to do their best and work extra hard for a first place win. Underclassmen, be sure to follow their lead so you can be even better next year! Good job this year guys!

What interested you in swimming? "Going to my brother's swim meets in 1995." What was your favorite part of the season? "The relays, it's a lot

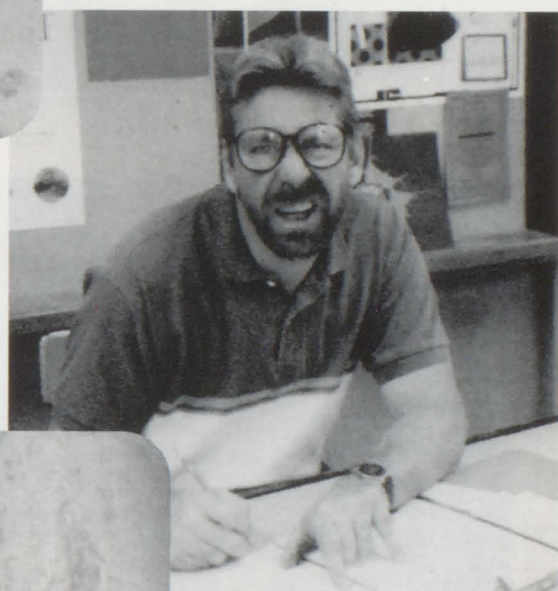

of fun." What would you say to someone who is thinking about joining the swim team. "I would tell them to join the team. It's a good workout and you DON'T have to shave your legs (I don't) OR wear a speedo."

Thankyou!

Making this yearbook for everyone has been quite a challenge, and it took a lot of hard work by a number of people. This book was published by the Taylor Publishing Company in Dallas, Texas. Thank you for all of your work and a special thank you goes out to Sam Slis, our local representative for Taylor.

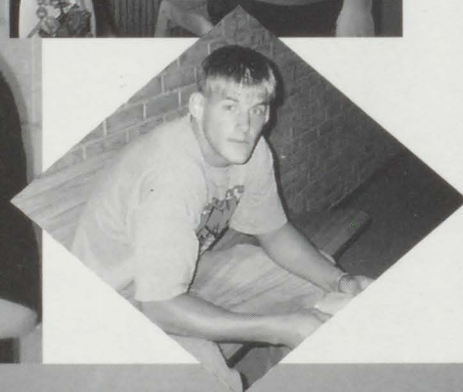

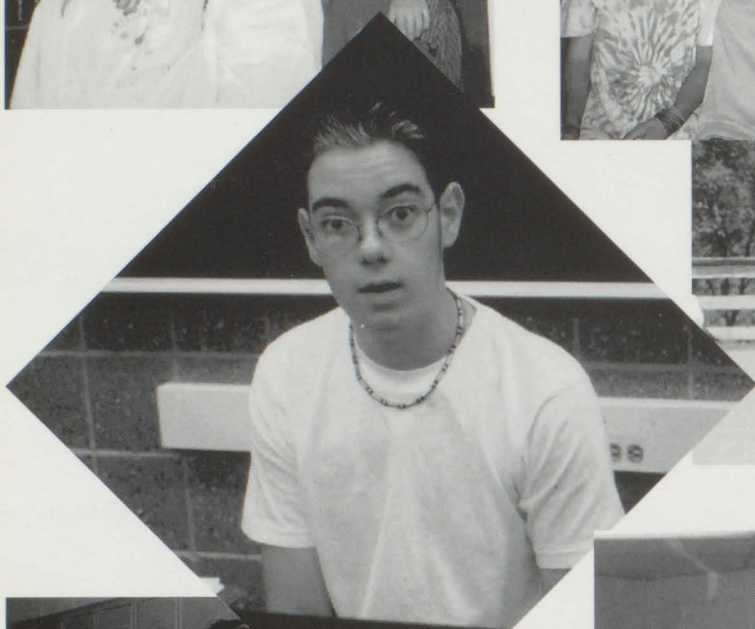

Prestige Portraits in Royal Oaks gave the staff all the film we needed for pictures. Thank you very much to Toni Brown, our Prestige representative.

Thank you to businesses, parents, and students for purchasing ads, parent pages, and yearbooks. Without your help, we couldn't have produced or published anything.

The 1999-2000 yearbook staff would like to also thank Mr. Bladow, our yearbook advisor. Thank you for puting up with all of our stuff (especially mine!) and trying to keep us on task. We know that it's been hard.

I would also like to thank this wonderful yearbook staff for coming together and getting everything done right so we could make this great book. Take pride in it; this is your accomplishment.

What On Earth Happened?

The world spent much of the past thousand years making some pretty amazing history. As the millennium began, Druids practiced dark rituals, while the Byzantine Empire dominated Eastern Europe. Conqueror Genghis Khan put the Mongols on the map in the 1200s, and the Great Wall protected China against would-be invaders.

The Middle Ages, though plagued by feudalism, heralded gallant knights and the governing ideals of the Magna Carta. The Renaissance and The Enlightenment both saw great achievements in art, science and exploration, followed by Romantic and Revolutionary periods in France and colonial America.

As industry and capitalism grew, so did Communism in the Soviet Union and beyond. The World Wars and other 20th century conflicts brought struggles for power amid vast advancements in communications and technology.

History's movers and shakers included Joan of Arc, the teenager who led France to victory against England in 1429, and Martin Luther whose religious reforms shocked the 16th century. King Henry VIII of England kept his head while several of his spouses lost theirs. Sir Winston Churchill helped England stand courageously against Nazi Germany. One recent hero is Nelson Mandela, South Africa's first black president and anti-apartheid activist. Time marches on...and the next chapter is already being written.

And The Wall Came Tumbling Down

In 1961, the Berlin Wall was erected to prevent residents of Communist East Berlin, Germany, from fleeing to non-Communist West Berlin for a better way of life. In 1989, the East Germans opened the Wall, lifted immigration restrictions and reunited Germany. Tearing down the Wall symbolized the end of the Cold War, which started when the Soviet Union created "Iron Curtain" countries isolated from the Western world. In the '50s, fear of communism in the United States resulted in the "Red Scare."

...With A Star On Top

The Christmas tree began as an evergreen decorated with apples, symbolizing Eden in a December medieval German play. By the 1600s, trees in German homes were trimmed with candles, fruits and cookies. Currently, Christmas is a multi-billion dollar business with wreaths, mistletoe, stockings, movies, outdoor decorations and cards.

In A Flash, A-Bomb Creates Nuclear Age

On August 6, 1945, a U.S. plane, the Enola Gay, dropped an atomic bomb on Hiroshima, Japan, annihilating the city and nearly 130,000 of its citizens. Japan surrendered soon after, ending World War II. Because of Japan's attack on Pearl Harbor, resulting in America's participation in the war, and the Holocaust atrocities perpetrated by Adolf Hitler's Nazi Germany, the destructive effects of World War II would live in infamy.

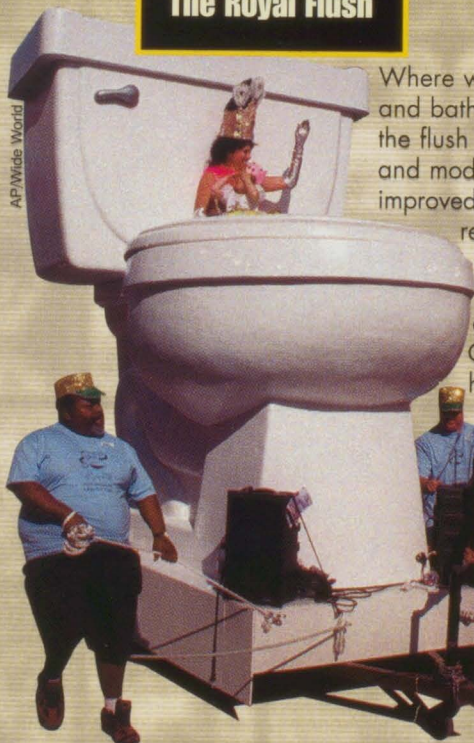

Crusading Towards The Holy Land

Super Stock

When Muslims took control of the Holy Land during the Middle Ages, Christians from Western Europe vowed to recapture the area. Nine major Crusades were organized with kings, nobles, peasants, and even children taking part. None was successful. Holy wars have continued to rage in such places as the Middle East, including the Six-Day War between Israel and Egypt in 1967.

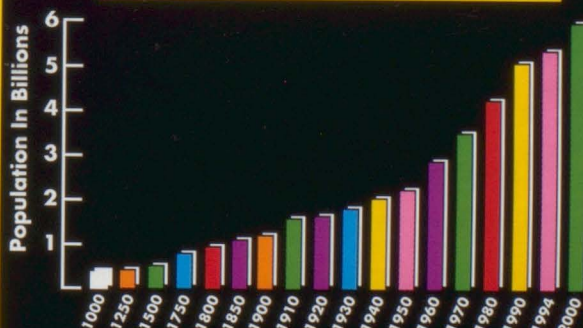

The Royal Flush

AP/Wide World

Where would the Ty-D-Bowl Man and bathroom libraries be without the flush toilet? After septic tanks and modern sewage systems were improved, civilizations significantly reduced the risks of severe illnesses and epidemics which were so common during the Middle Ages. Concerns prompted public health improvements, including garbage collection and disposal, water treatment and food processing.

Setting Off An Explosion

With the world population now topping 6 billion and increasing at an annual rate of 1.6%, more people are living now than have ever died. The population is rising because of high birth rates coupled with much lower death rates as a result of better living conditions.

Hoop'n It Up

Super Stock

With the correct hip action, the bright round plastic Hoola-Hoop could rotate for hours. When Wham-O introduced it in 1958, stores couldn't keep Hoops stocked and sales topped \$100 million. Who could forget Yo-Yos, Super Soakers, Slinkys, Pogo Sticks, Clackers, Wiffle Balls, Silly Putty, Frisbees and all those other preoccupying pastimes?

She's Got The Skinny On The Mini

Reuters

The miniskirt caused a sensation in Swinging '60s London and beyond. The mini series led to the ultra-short micromini, ankle-length maxiskirt, calf-length midiskirt, hot pants and virtually every look ever shown in music videos. Hemlines have risen and fallen throughout history—from hoop skirts and gowns to '20s flapper dresses.

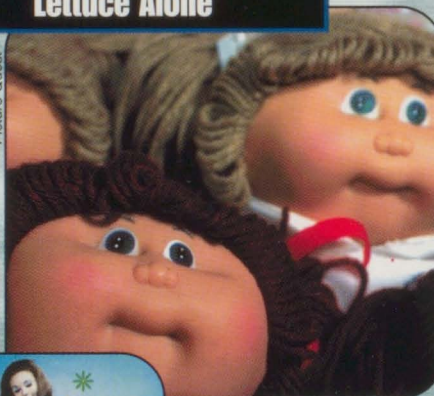

The Answer, My Friend, Is Floating In The Ball

"Outlook Good." "Yes Definitely." In the '60s, important decisions were made by turning over the Magic 8 Ball or putting fingers on the Ouija board. Holy Dionne Warwick! Perhaps these were even more reliable than the Psychic Friends Network. Through the ages, fortune tellers and the supernatural have fascinated seekers of the unknown. Was all this stuff for real, oh Magic 8 Ball? "Don't Bet on It."

The Craze That Wouldn't Lettuce Alone

Picture Quest

The threat of war may have loomed in Lebanon, but the real fighting broke out in toy stores between frenzied parents who found Cabbage Patch Kids in short supply before Christmas in the '80s. No sooner had consumers recovered from this invasion when they were hit with Power Rangers, Tickle Me Elmo, Beanie Babies and Furby manias. Dolly, can you say "Buy, Buy?"

Stare And Stare Alike

The 3-D thrill of the Viewmaster was love at first sight. Then along came Magic Eye, random dot stereograms that revealed 3-D images hidden in colorful graphics with holograms that practically jumped out. Life had become a virtual reality.

As The Rubik Turns

More than 200 million people twisted their way to the 3-D solution of the Rubik's Cube puzzle in the '80s. Some tried memorizing the cube's configuration while it was still in the package. Preoccupation with puzzles dates back to the first jigsaw puzzles in the 18th century. The world is still trying to solve crosswords, word searches, "Where's Waldo?" and other brain-busting challenges.

That's Pretty Fad-tastic!

Leaders. Followers. The millennium caught every generation a bit off-guard, but folks quickly had the lingo and the look down. When Elizabethan life got ruffled around the collar, everyone copied. Then poof! Powdered wigs, some several feet high, got nobles noticed in the 17th century. How about wooden teeth in Washington's time? By George, it beat having none at all!

As the years passed, women wore the bustle and disco freaks did the Hustle. The '50s poodle skirts bred '70s dog tags, '80s spiked dog collars and '90s Old Navy mutts. Who knew there'd be just as much fur-vor over Davy Crockett coonskin caps in the '50s as with raccoon coats in the '20s?

While some slipped on shining armor, carefree flapper dresses and Calvin Klein jeans, others followed different fads. Joysticks maneuvered Pac-Man into the arcade hall of fame. Suddenly everyone cared for Pet Rocks, squeezed into phone booths, pounced on Pog, pierced body parts and chose CB radio handles. Will there be as many "must haves" next millennium? Only the Magic 8 Ball knows for sure.

Arts Imitate Life

Super Stock

Super Stock

Nearly every civilization during the millennium expressed its culture and defining events through art and architecture. Great painters, musicians, authors and sculptors vividly captured the emotions of their day. Early Romans built coliseums and staged comedies. Byzantine mosaics and icons reflected Eastern Christian beliefs while Chinese painters produced deft landscapes.

The Middle Ages fostered the rise of Gothic cathedrals, poet Chaucer's "*Canterbury Tales*" and finely woven tapestries. In the Renaissance, William Shakespeare pumped up a volume of still-popular plays.

Michelangelo busily sculpted his marble marvel *David*. Novelists such as Jane Austen characterized the Romantic Movement of the 18th century while the 19th century promoted Impressionist painter Monet, socially-conscious authors including Charles Dickens and the riverside adventures of Mark Twain.

Ballet legend Nijinsky leaped on the 20th century arts scene. Picasso broke with tradition to pioneer Cubism and Dali turned dreams into surreality. Don't forget Dadaism, Mamaism and Norman Rockwellism. Opera was a trill a minute with stars including Beverly Sills and Luciano Pavarotti.

Stephen King and Ann Rice chilled with horror novels, while Ernest Hemingway and John Steinbeck proved more down-to-earth. Broadway was Neil Simon-ized, then "Lion King"-ized.

**Deep Thought
Number 2,714**

When 19th century French sculptor Auguste Rodin created his bronze work, *The Thinker*, he used his knowledge of anatomy and movement to capture intensely human emotions as great Renaissance and Baroque sculptors Michelangelo and Bernini had done before him. Many 20th century sculptors crafted more experimental works, such as Marc Chagall's mobiles and Marcel Duchamp's creations from discarded materials.

**Smile. You're On
Canvas Camera**

Renaissance master Leonardo da Vinci's 1503 portrait of Mona Lisa, the wife of a silk merchant, was extraordinary with its dramatic dark/light contrasts and ultra-mysterious smile. A face immortalized in history was a cinch if one happened to know such artists as Rembrandt, Van Gogh, Toulouse-Lautrec or Wyeth. Many painters, however, opted for religious scenes, still lifes and landscapes.

Scream I: The Terror

Call it the face that launched a thousand album covers, t-shirts and manic-depressive sufferers. Norwegian Edvard Munch's 1893 painting, *The Scream*, was an anguished cry of isolation and fear that influenced the 20th century Expressionist movement and reminded us of our own stressed-out lives. Vincent Van Gogh and Edgar Allan Poe were among other desperate artists and authors of the time.

Willie Make It Now?

Sixty-year-old Willie Loman spent his life way out there in the blue, riding a smile and a shoeshine, a salesman extraordinaire. Arthur Miller's drama, "Death of a Salesman," became one of the most riveting plays ever staged as it questioned the American dream and explored the depths of failure. During the 20th century, audiences have witnessed other gripping dramas such as "A Raisin in the Sun" and "The Glass Menagerie."

Clawing Its Way To The Top

After Andrew Lloyd Webber picked up T. S. Eliot's *Old Possum's Book of Practical Cats* at an airport, he grabbed the theater world by the tail as creator of "Cats," history's longest-running musical. The 20th century set the stage for vaude-villain singing and comedy acts, as well as some of the greatest musicals to hit Broadway: "Showboat," "Porgy and Bess," "Phantom of the Opera," "Hello, Dolly!" and "The Lion King."

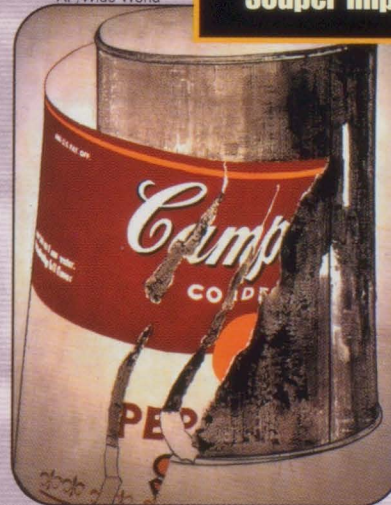

Sometimes You Feel Like A Nutcracker

In 1892, Russian composer Peter Tchaikovsky turned the *The Nutcracker* into a beloved holiday ballet with his remarkable suite. Twentieth century dance gained popularity as composers wrote musicals that were imaginatively choreographed, including George Gershwin's "An American in Paris." Music and dance partnered dramatically with the Tango—followed by the carefree Charleston, Fred Astaire and Ginger Rogers' ballroom elegance, the Jitterbug, the Twist and Disco.

Souper Imposed

Andy Warhol did much "Mmm' Mmm! Good!" for the art world when his silkscreen print, "32 Campbell's Soup Cans," was exhibited in 1962. From there, the white-haired artist commented on popular consumer culture, coining the term "Pop Art." His other creations involved striking images of mass-media icons Marilyn Monroe and Elizabeth Taylor. Warhol helped other pop artists including Roy Lichtenstein and Leroy Neiman, enjoy their 15 minutes of fame.

Pages Through The Ages

The past thousand years have seen more books written than Steven King could author in his wildest dreams (and he's had some pretty wild dreams). Try to match some of literature's most colorful characters with the books they made famous.

Crank Up the Volume

Super Stock

Music of the millennium started on a somber note with the Gregorian chants of monks and ended on samba, "La Bamba" and "Living La Vida Loca." French troubadours roamed the countryside with poems and tunes in the Middle Ages. Lutes and flutes added richness to the Renaissance, while chamber music was Handeled well in the Baroque period.

Beethoven, Mozart and Tchaikovsky crowned the classical music of the 18th and 19th centuries. Strauss then waltzed in to share the spotlight and Sousa marched over to greatness. The birth of the Blues and Jazz brought Billie Holiday and Duke Ellington, followed by Big Bands and the easy-going Swing era.

AP/Wide World

With a twist and shout, Rock & Roll cruised in from Elvis Presley, Chuck Berry, Jimi Hendrix, KISS and Aerosmith. "We Are the World" provided musical relief and Farm Aid helped heal the heartland. Patsy Cline and Willie Nelson added that country twang, Sinatra made the songs so smooth, and folks listened happily ever after.

From Motown To Moonwalker

Super Stock

The Gloved One's 1982 "Thriller," containing such hits as "Beat It," became the best-selling album ever. Before the rhinestones, there was Detroit's Motown label, which signed Michael and his Jackson 5 brothers when he was still learning his "ABCs." With the toast of '60s soul—The Supremes, The Temptations, The Miracles, Stevie Wonder—music couldn't get mo' betta than Motown.

It Came From Deep Inside The Jukebox

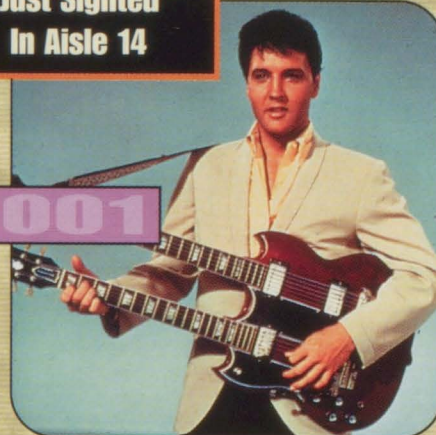

"Put another nickel in" beckoned the jukebox, the first electrically amplified automatic phonograph. From the 1930s to the 1960s, it held memories of teenage years and breakup tears. Covered in chrome, the jukebox magically queued up that special 45. The transistor radios, 8-tracks, CD jukeboxes and discmans that followed just couldn't carry a tune quite as well.

Betcha dollars to jelly donuts that Elvis Presley will always be the King, with his swivel hips and voice that thrilled fans on *The Ed Sullivan Show* and the big screen. He burned up the charts with hits like "Hound Dog" and "Jailhouse Rock." Louis Armstrong blew away the competition with his virtuosity on jazz cornet and trumpet. New Orleans-born Satchmo (his cheeks puffed like a satchel when he played) became one of the greatest jazz musicians of the 20th century with recordings like "West End Blues." His wordless "scat" singing influenced other jazz greats such as Ella Fitzgerald. Dixieland Jazz, Boogie-Woogie, Beebop, Cool Jazz and Electronic Jazz have carried on the tradition.

The Wild, Wild Woodstock

AP/Wide World

The Woodstock Music and Art Festival, an Upstate New York be-in that hosted music's grooviest stars from August 15-17, 1969, was to be the largest rock concert ever. An unexpected 500,000 fans, from hippies to anti-war protesters, braved traffic jams to witness this far-out trip guided by legends including Jimi Hendrix, Jefferson Airplane and Janis Joplin. Not bad for a single day's ticket price of \$8. Woodstock later inspired such mega-concerts as Lollapalooza and Lilith Fair.

Going After A Cure

AP/Wide World

Despite numerous medical milestones, curing diseases such as AIDS and cancer eludes the population. In the '80s, Ryan White, a hemophiliac, contracted HIV through blood transfusions and later died. The AIDS virus is the latest epidemic civilizations have battled. The Bubonic Plague killed 40 million by the 14th century and the Typhoid Fever outbreak of the early 1900s claimed countless lives as well. Vaccines now prevent such diseases as smallpox, but any mutations could pose a threat again.

It Does A Body Good

Consumers have become more concerned about keeping healthy, germ-free and well-groomed from head to toe. During the Middle Ages, baths were rarely taken, but today showers and baths are taken daily in order to keep clean and healthy. Today toothpaste, deodorants and mouthwash are used daily. Vitamins and natural herbs are popular and medical advancements keep folks functioning better.

Numb And Number

Prior to the use of anesthesia during operations, early surgeons and barbers cut veins to drain "bad" blood, or sucked it out with leeches to cure patients. Boiling oil was sometimes poured on wounds to sterilize them. Before nitrous oxide and ether were introduced as anesthetics in the 1800s, most operations weren't performed at all. Surgical conditions were unsanitary, causing infections to spread rapidly.

Double Cheese-- Hold The Diet!

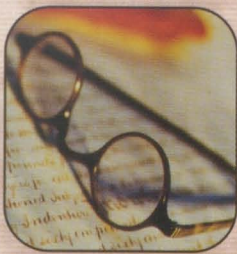

Workers on the run were sold sandwiches from horse-drawn lunch wagons in the 1870s. America's fast food frenzy hit the road with the diner in the '40s and it's been burgers, fries and vending machines ever since. McDonald's put fast food on the map in the '50s, and its Big Mac Attack proved unstoppable. KFC, Arby's and Taco Bell have even sprung up in school cafeterias, airports, grocery and convenience stores. Would you like Beanie Babies with that?

The Fact of Life

In the Middle Ages, the average life expectancy in Europe was about 30 years; today it is more than 70 for both men and women. Improved nutrition, sanitation, disease prevention and disease treatment are some of the main reasons for the increase.

Live Longer! See Better! Be Slimmer!

AP/Wide World

With the average life expectancy rising, people will try liposuction and tummy tucks, facelifts and collagen injections to stay younger looking. RK and LASIK procedures make contact lenses and glasses obsolete for many, and hearing aids are almost invisible.

Heart, lung and other transplants give new hope, as do today's medicines compared to the quack cure-alls of the 1800s.

Curling Irons

Bodybuilding became a pumping iron passion after ex-97 lb. weakling Charles Atlas promoted his "Dynamic Tension" muscle-producing exercises in the early 20th century. In the '80s and '90s, Arnold Schwarzenegger wannabes bench pressed and lifted weights in the gym so they could burn fat and get fit. Harmful steroids were replaced by sports drinks, creatine and protein bars to fuel performance.

Health Yourself

The mysteries of medicine, better health and longer living were revealed as the millennium unfolded. Diseases prevalent in early times were conquered through improved medicine, sanitation, immunization and eating habits, although other factors such as high cholesterol, smoking and junk foods brought on such foes as heart disease, cancer and obesity. The Food and Drug Administration now ensures proper processing to kill bacteria and preserve foods longer.

In the 1800s, Austrian monk Gregor Mendel formulated the basic rules of heredity that led to genetics, and better understanding of human makeup. Florence Nightingale brought reforms to nursing in the 19th century including more sanitary conditions and scientific care for the sick. Instead of the guesswork so common in the Middle Ages, doctors now work to control, cure and prevent illness. Medical specialties were created, producing such authorities as pediatrician Dr. Benjamin Spock who knew all about babies.

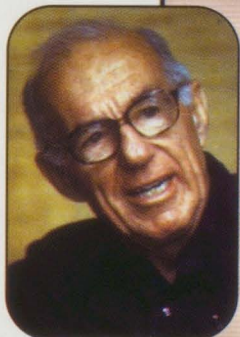

Exercise became almost an obsession as gyms, jogging tracks and Jane Fonda's sprouted, and personal trainers zeroed in on targeted areas. Take a deep breath and say hello to yoga, stress reduction therapy, medications to feel happy/energetic/calmer, wrinkle creams, alternative medicines, just name it. Either people are living better or just becoming more high maintenance.

Coming And Going Attractions

Super Stock

Super Stock

Getting around was slow and hard during the beginning of the millennium but somebody had to do it. In the Middle Ages, horses got saddled with pulling wagons transporting goods and passengers for long distances. Viking ships found rough sailing to Greenland and later America, but compasses and better construction of vessels in the 1400s made voyages and overseas trade possible.

Canals and paved roads hastened travel in the 1700s and the first major U.S. Highway, the National Road, created road rage in the mid-1800s.

After Robert Fulton invented the steamboat, British inventor Richard Trevithick helped develop the locomotive.

Life quickened as travel and hauling freight became more economical.

Electric trains, streetcars and gasoline-powered engines drove transportation into the modern era. Suddenly automobiles putt-putted along and sprouted everything from running boards to fins. Airplanes soared, subways roared and spaceships explored. The risks of progress have also been great, such as the loss of pilot Amelia Earhart and her plane on an around-the-world flight in 1937, the Space Shuttle *Challenger* explosion in 1986 and numerous airplane crashes.

Tomorrow's transportation could include human teleportation and faster-than-light travel. The ride's been pretty good so far, but inevitably some still ask, "Are we there yet?"

Gas Transit

Once steam-powered engines invaded 18th century Europe, a steam car, or horseless carriage, seemed a natural. The gasoline engine and pneumatic tire, however, made automobiles practical. Henry Ford's 1908 assembly line mass production of his Model T made owning a car affordable. This led to the growth of suburbs, superhighways, motels, road-trips, traffic jams, malls and, of course, fuzzy dice.

You'd be brave and dirty if you traveled in the bumpy horse-drawn wagons that existed before stagecoaches arrived in 1670. Stagecoach lines carried passengers and mail along routes in the West. Folks with the need for speed rode horseback.

In the 1860s, the Central Pacific Railroad laid track eastward from Sacramento, California and the Union Pacific Railroad laid track westward from Omaha, Nebraska. The Transcontinental Railroad was finished in 1869 when both railroads met in Promontory, Utah. Coast-to-coast freight and passenger lines dramatically increased settlements and trade. Today's subways, light rail and ultra-fast bullet trains move commuters like crazy and make good action movie sequences.

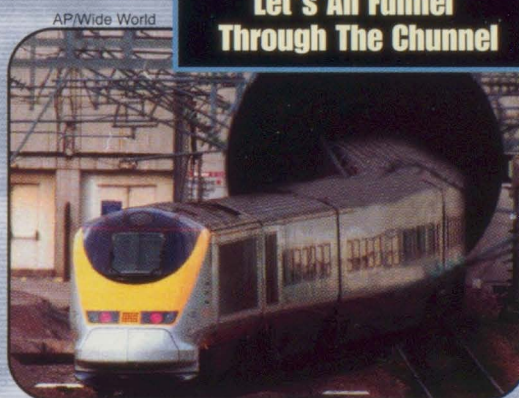

Da Plane! Da Plane!

Leonardo da Vinci dreamed of flying machines with wings, but it took centuries to get the concept off the ground. The Montgolfier brothers were full of hot air when their balloon ascended in 1783. Orville and Wilbur Wright had the right stuff and flew the first successful airplane in 1903. Charles Lindbergh and Amelia Earhart flew far and solo, and Chuck Yeager broke the sound barrier. Today, airplanes carry millions of business, pleasure and military passengers. But airline food still hasn't improved much.

We Get Game

Sports gained popularity as time lunged forward. While forms of games resembling soccer were played during the 10th century, life rarely allowed time-outs for recreation. Thank goodness for the 1600s, when the English played Rounders, a baseball predecessor, and Scotland saw early rounds of golf. By the 1800s many people led the sportin' life, including James Naismith who invented basketball, and the students of Canada's McGill University who scored with the first hockey rules.

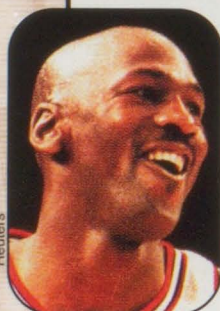

Native American athlete Jim Thorpe won fame in early 20th century Olympic track and field, as well as football and baseball. Babe Didrickson, his female counterpart, excelled in golf as well as track and field.

As baseball became a pastime and football a passion, Babe Ruth and Hank Aaron belted pitches "outta here," Jackie Robinson broke color barriers, Joe Namath threw footballs and John Elway busted Broncos loose in the Super Bowl.

Today sports revolves around such stars as heavy-hitter Ken Griffey, Jr., golf sensation Tiger Woods and hoops immortal Michael Jordan. Amateur and school sports are also serious stuff. Millions are on the fast track with NASCAR auto racing, on the edge for extreme sports and in the ropes for wrestling.

Recent top seeds such as Pete Sampras and Martina Navratilova have settled for anything but love by dominating Wimbledon and other championships.

How Did It Come Into Play?

Baseball, bowling and other familiar sports didn't just appear out of the blue. Here's a roster of some game origins.

Baseball: Cooperstown, NY 1839. Abner Doubleday based his new sport on bat-and-ball games such as "one old cat." He adopted the diamond-shaped field for his game and assigned playing positions.

Bowling: Germany, third century. Every German peasant carried a club called a kegel for protection. In church, faith was tested by setting up the kegel as a target (representing the heathen) and rolling a stone to try to knock it down. Those who succeeded were considered free of sin.

Fencing: Italy, 16th century. Fencing began in ancient times as the practice of swordsmanship to prepare men for duels and warfare.

After Thomas Edison invented the commercial motion picture machine, the Kinetoscope, in 1893, projection machines greatly enlarged a film's image. This led to one of the 20th century's most popular forms of entertainment, the movie. Sunny Hollywood beckoned such film directors as D.W. Griffith, who revolutionized film editing with *The Birth of a Nation* in 1915. Silent films made quiet stars of comedian Charlie Chaplin, handsome Douglas Fairbanks Sr., Rudolph Valentino and Jean Harlow.

In the 1930s, audiences heard voices when "talkies" caught on after *The Jazz Singer's* premier in 1927. Screwball comedies including *It Happened One Night* thrust such stars as Clark Gable and Claudette Colbert into the limelight. Alfred Hitchcock made classic thrillers, and *Frankenstein* was a chiller. *Casablanca* dramatized war and *Dr. Strangelove* spoofed it. Marilyn Monroe and Audrey Hepburn lit up the screen, and Charlton Heston found fame of biblical proportions. John Wayne saved the day, and James Bond was never shaken or stirred. The Rat Pack cruised the Vegas strip and the Brat Pack cruised the halls in *The Breakfast Club*.

Blockbusters have ruled recent movies. Sylvester Stallone punched up *Rocky*. Harrison Ford dodged madmen and meteors in *Star Wars* and *Raiders of the Lost Ark*. *Armageddon* and *Titanic* astounded audiences with their mega-dollar budgets. Tom Hanks, Julia Roberts and Will Smith became idols at 24-screen multiplexes.

"Soitenly" audiences loved comedy teams such as The Three Stooges in the '30s and '40s. Those n'yuk n'yuk n'yukleheads pulled punches to make 'em laugh. Laurel and Hardy got into fine messes, while Abbott and Costello turned their antics into the monstrous classic, *Abbott & Costello Meet Frankenstein*. Groucho, Chico and Harpo Marx were top bananas in zany romps including *Monkey Business* and opened the trap door for crazies such as Martin and Lewis, Crosby and Hope, Steve Martin and Eddie Murphy.

Gone To The Movies

"Oh Fiddle Dee Dee," mused Scarlett O'Hara (Vivien Leigh) over the men and misfortunes she encountered as the strong-willed and resourceful mistress of Tara Plantation in 1939's *Gone With The Wind*. Oh, those ruby slippers! A brilliant technicolor blast brought Kansas' Dorothy over the rainbow and into audiences' hearts as *The Wizard of Oz* premiered in 1939. And who could forget that dogged '70s rock band, Toto?

Fate of the Union

From the wilderness came a nation ready to fight for freedom and survive all odds. Native Americans had lived in the continent long before European explorers and colonists arrived in the 16th century. Thirteen British colonies formed, and the Revolutionary War erupted when England tightened control, and Paul Revere warned of the oncoming British invasion. Independence and the United States of America were both declared in 1776.

The new nation weathered heat from France and Mexico, but acquired new territory such as the Louisiana Purchase. After gold in California was discovered in 1849, America heard the roar of the Civil War, Reconstruction and Native American warriors such as Geronimo. Industry growth fueled prosperity until

World War I and the beginning of the Great Depression. Two heroines, Rosie the Riveter and First Lady Eleanor Roosevelt, emerged during World War II. Peace efforts chilled as the Cold War, Korean War and McCarthyism isolated the U.S. from Communist nations.

Life prospered in the suburbs and man rocketed into space, while civil rights struggles ignited. President John F. Kennedy was struck down, as were countless soldiers in Vietnam. Then President Richard Nixon struck out after the Watergate political scandal. The Gulf War, pollution and tragedies such as the Oklahoma City bombing hit hard in recent decades. Yet Americans still rally around the Stars and Stripes.

Star Spangled Gal

Betsy Ross was a well-known Philadelphia seamstress. In 1776, the young widow was approached by George Washington's Continental Congress committee to sew the first official U.S. flag per their 13 stars/13 stripes design. With the speed of Paul Revere, she finished it off as a July 4th accompaniment to The Declaration of Independence, which laid the foundation for the United States of America.

Since then, America has survived inflation, recession, tax cuts, and somehow, lunchroom food.

A Divided Nation

Super Stock

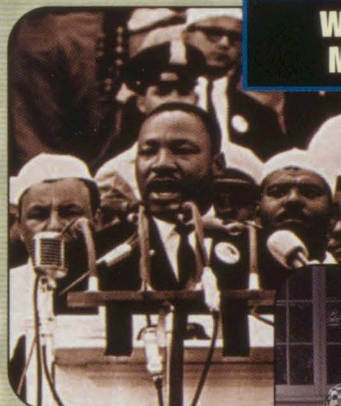

President Abraham Lincoln called it "A House Divided." The United States was unofficially split between the North (the Union), which sought to abolish slavery and modernize America, and the South (the Confederacy), which favored preserving slavery and an agrarian lifestyle. From 1861 to 1865, the bloody Civil War raged until General Robert E. Lee's Confederate army surrendered to General Ulysses S. Grant's Union force. Slavery was abolished and the United States became one nation again.

"I Have a Dream that my children will one day live in a nation where they will not be judged by the color of their skin, but by the content of their character," said Dr. Martin Luther King Jr. to Washington, D.C., protesters in 1963.

His non-violent approach helped advance civil rights for all races. Other warriors for racial equality include anti-segregationist Rosa Parks, and Jesse Jackson, who pushed for African-American economic power.

No sooner had the Persian Gulf War erupted in 1991 than Ted Turner's Cable News Network, CNN, covered it non-stop. Broadcasts had never been so immediate. The Big Three networks were also shocked by the popularity of such other cable offerings as HBO, ESPN and A&E as well as satellite dishes and pay-per-view. Television viewers, however, loved all the remote possibilities.

Ring Ma Bell

"Mr. Watson, come here," said Alexander Graham Bell into the telephone he developed in 1876. It's become one of today's most valuable communication devices, linking people throughout the world at lightning speed. From the telephone's humble beginnings have emerged high-speed fiber optic networks, fax machines, cellular phones, computer modems and videophones. There's some connection here.

Get The Message Already?

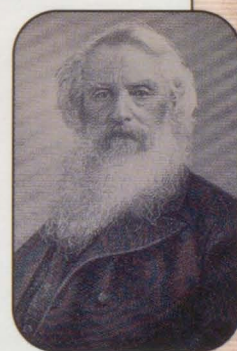

People spoke, wrote letters and sent messengers before this millennium but communication was usually local and slow. Most Middle Ages books were religious because church leaders were among the few who could read. Monks copied books by hand and town criers were heard since they announced news. Printed books of the Renaissance allowed the masses to read the Bible and other works. By the 1600s, newspapers enabled inquiring minds to read ship schedules. Benjamin Franklin helped establish regular postal service in the 1700s and the Pony Express ran mail cross-country in the 1800s.

While steamships and locomotives sped the spread of news, it wasn't until Samuel Morse invented the telegraph in the 1840s that coded messages were transmitted rapidly. Cameras, the typewriter, telephone, phonograph and motion pictures put communications on an even faster track.

Advances came in short and long waves when Guglielmo Marconi invented radio. Television was perfected, and tape recorders came into play. Since the 1960s, communication satellites relayed TV, radio and other signals across the planet. Computers and modems instantly processed data, and the Internet linked the world. Broadcast journalists, such as 20/20's Barbara Walters, fueled the rise of information junkies. Fiber optics, VCRs, CD-ROMs and HDTV not only furthered technology but gave adults lots of expensive new toys.
